

Dear Patient of Three Rivers,

I know there is debate on how bad the virus is, and depending on your thoughts does taking the vaccine make sense? Depending on who I talk to, everyone has very good arguments. I am not sure what I think about it's lethality, but I know I want to not wear a mask in a store. I want to go to a live ball game or see the new moves at the theater. I want to take my family to my favorite restaurant. I want to see relatives for holidays and get-togethers. Right now all of that is weird or not happening. I just want America to be normal again. I want my home to be normal again. That means we need herd immunity from exposure or a vaccine. I do not want this to be political, so do what is best for your situation. No judgement from me. If you can and want to take the vaccine then join me. Let's pull the bandaid off and get this done, so we can live life again. I have taken the first and second dose as scheduled for the 1a2 group that I am in. My oldest son has also taken both doses. My and his symptoms were soreness like we were punched in the arm. I would love Murfreesboro to join us. I would like to offer an entry per dose to a lottery. I will draw the winner on July 1st, since the vaccine should be widely available by that time.

The winner will get:

- \$2,500 check from me.
- \$5,000 of free dental work at Three Rivers Family Dentistry
- *Please read FAQ and exclusions.

*FAQ and exclusions:

- The \$2,500 will be paid to the winner within a week of contacting them.
- A new winner will be drawn if we are not able to make contact within a week.
- The \$2,500 cannot be split or paid to a non-winner unless they are the winner's legal guardian.
- The \$5,000 dental treatment is not eligible for cash refunds.
- The \$5,000 dental treatment can be split or given to another person(s) or family.
- Enter by physically presenting your vaccine card to a Three Rivers Employee.
- We will not keep your card. We will take your name and contact information for the drawing.
- There is no purchase necessary of course, but you also do not have to be our patient. Your information will not be kept. It will be destroyed after the winner is contacted.
- Employees of Three Rivers Family Dentistry and their immediate family are not eligible to win. They are being encouraged separately.
- My family is not eligible to win.
- With the lottery I am in no way promoting safety or efficacy of any vaccine taken. I am not taking ownership of the vaccines in any way.

Thank you for your understanding and I look forward to getting back to normal.

Dr. Mark Connolly
